**Gold Solid Mirror**

▶ **Description**  
Medium reflective mirror with around 20% reflection. Enhances depth perception and contrast for better visibility, excels in bright conditions.

▶ **Recommended Use**  
High to moderate sunny activities.

▶ **Recommended Tint**  
Brown

**+**

**Silver Solid Mirror**

▶ **Description**  
Medium reflective mirror with around 30% reflection. Neutral depth perception & true color. Reduces eye strain in bright conditions.

▶ **Recommended Use**  
High to moderate sunny activities.

▶ **Recommended Tint**  
Grey

**+**

**Black Solid Mirror**

▶ **Description**  
Soothing and trendy, low reflective "black" mirror with 13% reflection. Aids in glare filtering without the "flashiness" of colored mirrors.

▶ **Recommended Use**  
Medium to low sunny activities.

▶ **Recommended Tint**  
Grey

**CUSTOM MIRRORS AVAILABLE**

**+**

**Blue Steel**

▶ **Description**  
Medium reflective mirror with around 20% reflection. Bright blue color excels in any condition. Excellent glare filtering and balance of vision.

▶ **Recommended Use**  
Medium to low sunny activities.

▶ **Recommended Tint**  
Grey

**+**

**CFX Citrine**

▶ **Description**  
High reflective mirror with 80% reflection. Yellow-orange center with yellow edges. Provides greater clarity in foggy, hazy, and low light conditions. Helps filter blue light from electronic screens.

▶ **Recommended Use**  
Driving, racing, mountain biking, shooting, tennis and other outdoor sports activities.

▶ **Recommended Tint**  
Brown

**+**

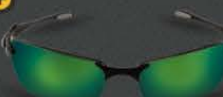

**CFX Coastal Green**

▶ **Description**  
High reflective mirror with around 45% reflection. Bright green center leading to blue and purple edges.

▶ **Recommended Use**  
Foggy, hazy, and low light conditions. Driving, mountain biking, tennis shooting and other outdoor activities.

▶ **Recommended Tint**  
Brown (Popular in Grey)

**+**

**CFX Jade**

▶ **Description**  
Medium reflective mirror with around 35% reflection. Green center with purple edges. Provides even color perception with smooth contrast.

▶ **Recommended Use**  
Cycling, mountain biking and other outdoor sports activities where grass is involved.

▶ **Recommended Tint**  
Brown

**+**

**CFX Sapphire**

▶ **Description**  
High reflective blue with around 80% reflection. Intense sky blue. Reduces glare and defines contours.

▶ **Recommended Use**  
Foggy, hazy and snow, golfing, fishing, skiing and other outdoor leisure activities.

▶ **Recommended Tint**  
Brown
